POST OFFICE CLEEK ARRESTED -- & Clerk in the Post Office at Buffalo, named Fellows, was arrested on Saturday moraling, on complaint of Major Dickey, the Postmaster, on a charge of robbing mency letters.

Is the Hand of Jone in This? We regret to see in the last Columbus Jourtransformed into electioneering agents for Mr nal under the caption of " M. M. Davis and the Hadley. We find fault with no one for his La Crosse R. R.," an attack of three-fourths of choice of candidates. But it strikes us as a a column long, by the junior editor, upon Dr. Davie, for his vote against the first bill to give the Land Grant to the La Crosse R. R. Company. The editor admits that Dr. Davis " vot-

ed for the present law," says that, " personally,

we have the highest esteem for Mr. Davis : we

also know him to be a good Republican," but

appeals to the people against him, because, it

be true, when we say that it is the intention of

the opponents of the consolidated company, to

so hamper and clog the operations of the com-

pany by heavy taxes and other obstructions,

thrown in their way, as to render their efforts

nugatory and unavailing." And he then pro-

ceeds to oppose him on the ground that he is

opposed to the La Crosse Company. And so,

the test of Republicanism and fitness for office,

is to be determined by a man's friendship for

At Racine, several democrats went to Judge Potter, a week ago last Friday, and informed him that Mr. Hadley had reported there that he (Judge Potter) was the author of that-bill, and that he (Mr Hadley.) defeated it. The Way, to Secure Enrly Rewn of the Presidential Election. For inspectors of Election, Telegraph, Operators Newspaper Editors and Reporters throughout the Union.

The people will look for the result of the Presidential election on the 5th of November To enable the newspapers of the Union to des lare the result on the following morning, it will be necessary for the Inspectors of Election throughout the United States to aid the telegraph operators and editors, in every town, vil lage and city, and for the editors and reporters to aid each other This can be done by confining their labors on the night of election to be President's vote alone. Leifthe inspectors everywhere count the electoral vote first. Let the telegraph then transmit that vote only on the night of election. This plan will enable the press to announce the result the morning after election, even if the contest be a close one. We hope this plan will simplify the labor, make it easier, save time and satisfy the people -country and city. Editors will promote the object in view by publishing it in their editorial columna.

WEERLY REVIEW

Office of the Free Democrat, i Milwauker, October 27, 1856,

The market during the past week has declined very materially, and has been extremely dull. The depressing in the money market and the lack of vessels still continue which tends to keep prices down. The reccipts of the week have been below the average, and the shipmen s have amounted to but little or nothing, being less than 70,000 bushelt, while the receipts foot up to over 245,000 bushels. TN PADDOCK'S BOOK OF PLATES and illustrated Counterfelt De setter for 18:6, he says: Hostetter's Bitters are really what their name implies a tonic and gentle stimulant, calculated to act upon the tonic and centle stimulant, calculated to act upon the system as a medicine, and not, as is too often the case, a mere invention under which to indulge in tippling.—We would not venture to make this statement, did we not feel sure it would be coroborated by the willing testimony of thousands all over the United States, and expectally throughout the western and southern parts, where certain disorders prevail, which require just such a prescription. We are assured by a gentleman of large experience, who is a traveled man, and whose judgment and impartiality may be relied upon, that Hostetter's litters are a sure thing on Fever and Ague, that acourge of our newly settled regions; which indeed has, within the past year, prevailed to an abstraing extent in sections generally exempt. These Bitters are sold by all Pruggists.
